- Free On Site Parking and Wi-Fi

**Thursday, May 11, 2017**  
*9:00 a.m. – 4:00 p.m.*

Full Day Workshop: ***Making Sense of Anxiety in Children and Youth*** (\$140.00 includes Hot Buffet Lunch, morning and afternoon refreshments)

The time has finally come to be able to answer the problem of anxiety. What makes it possible now is that we currently have enough pieces of the puzzle to create a coherent picture: a mastery of attachment theory, an understanding of human vulnerability, a working knowledge of attention, and the discoveries of neuroscience. Possessing the pieces are not enough however. It takes a theorist's mind to put the pieces together and a seasoned therapist's wisdom to test this model against human experience. Dr. Neufeld has been uniquely positioned, not only to answer this question but also to understand the implications for our children. The resulting solutions are surprising, not in that they are counter intuitive but rather that they run counter to the prevailing practice. The focus of this workshop is the anxiety of our children and what we can do about this, both as a society and as the adults responsible for them. The dynamics and insights however apply to all ages.

**Friday, May 12, 2017**  
*9:00 a.m. – 12 noon*

Half day Workshop: ***Relationship Matters: Harnessing the Power of Attachment*** (\$60.00 includes refreshments)

Society has changed. So too have the challenges of parenting and teaching. We all want our children to realize their full potential. We all want our children to become caring and considerate individuals. Yet achieving these outcomes seems to be getting harder in today's world. How do we provide the conditions children need to truly grow up? How do we provide direction and discipline without it backfiring? What is the key to effectiveness as parents, teachers and helping professionals? Dr. Gordon Neufeld, a world-renowned psychologist and best-selling author, addresses these issues and points to a way through. His approach is refreshing and his insights make sense, not only of today's society but also of the children and youth in our care.
